

EUN JU "PEARL" LEE

Retired Business Co-Owner

In the last three years, there has been a rapid increase of the Asian population in the City of Laguna Woods. We need a leadership representing the voice of this population in this City of Laguna Woods.

I like to contribute in following areas:

To help our city to understand and be sensitive to the needs, wishes and the problems of our citizens by creating various channels to communicate.

To get involved in educating our citizens by offering various cultural programs to promote understanding among groups with diverse background.

To help and to plan our city to prepare for the future leadership by encouraging more younger seniors to get involved.

Working as a Director for the United Mutual Board for last three years in the Laguna Woods Village, I have earned a reputation as a problem solver and a great communicator. I have an ability to listen to others and be able to bring people together through positive energy with the genuine concerns. I also have an ability to bring many talents from coworkers to create synergy.
